Letter from the President

Dear Wildcats,

It is my pleasure to present the 2015-2016 ASUA Annual Report. This report is a compilation of achievements and milestones reached within ASUA. Each effort was done in the means of accomplishing our mission to serve, engage and empower the students. This report highlights the leadership, dedication, and collaboration of the student leaders, staff, and volunteers to provide the best quality experiences and services for our campus.

I am extremely proud of what ASUA accomplished this academic year. ASUA provided out of classroom learning experiences and implemented services to and for the University; accompanied by tireless work from countless student leaders. Student run initiatives, such as Safe Ride, University EMS, and the “I Will” Campaign to programs and events like Spring Fling, Concerts, and ZonaZoo, shape and impact the daily lives of over 40,000 students on campus.

Our goal is to enrich the student experience by cultivating an inclusive community that develops leaders, promotes the wellness of the student body, and unites students under one, strong voice. I feel this report highlights how we are making this goal a reality.

Bear Down!
